

Never, No Never

Before you came
I never stopped praying
I never stopped praying
I never stopped praying
Before you came
I never stopped praying
I never, no never stopped praying for you

And if you leave
I'll never stop looking
I'll never stop looking
I'll never stop looking
And if you leave I'll never stop looking
I'll never, no never stop looking for you

No matter what
I'll never stop loving
I'll never stop loving
I'll never stop loving
No matter what
I'll never stop loving
I'll never, no never stop loving you

Never, no never stop loving you
